

## Television CAB Fee Schedule

### Green Electronics Council Conformity Assurance Body (CAB) Effective for New or Renewing EPEAT Participating Manufacturers

Payment of the appropriate fee below enables an EPEAT Participating Manufacturer to have Green Electronics Council's Conformity Assurance Body (GEC CAB) assess their products' conformance to EPEAT's criteria for the Televisions category. The fee is paid annually.

In order for the products to appear in the EPEAT Registry, the Participating Manufacturer must also sign an agreement with, and pay an EPEAT Participation Fee to, Green Electronics Council.

GEC CAB fees are for one year, beginning on the date of enrollment. The fees below apply both to new and renewing manufacturers of television products.

The GEC CAB fee is based on the Participating Manufacturer's most recent global sales of their branded products, stated in U.S. dollars. Global sales include all televisions covered by the EPEAT criteria (regardless of screen technology) whether or not those products meet EPEAT criteria or are actually listed in the EPEAT Registry.
