**Has your organization implemented, or is it in the process of implementing EPEAT Purchasing Language\*?**

*\*EPEAT Purchasing Language includes organizational purchasing policies for Environmentally Preferable Procurement (EPP) of electronics and specifications in contracts with vendors requiring that electronics products in a specific category (Computer/Display, Imaging Equipment, Mobile Phones, Servers, and/or Televisions) achieve Bronze registration or higher on the EPEAT Registry in the country/countries of purchase.*

Yes       No

**Please share your specific EPEAT purchasing language here (language used in contracts, solicitations, and/or RFPs)**

*It is acceptable to use only the excerpt from the contract(s) that mention EPEAT requirements. Hyperlinks accepted.*

**Amount (in USD) spent annually on EPEAT-registered electronics (optional)**

*Use the amount from your most recent fiscal or calendar year*

\$ \_\_\_\_\_

**Types of EPEAT-registered products purchased (check all that apply)**

Computers and Displays

Imaging Equipment

Mobile Phones

Televisions

Servers

For each category in which you purchase EPEAT-registered products, you must report unit purchase data in each rating tier (gold, silver, bronze). Please indicate the number of products at each EPEAT rating tier purchased in the most recent fiscal or calendar year. This information will be used to calculate environmental benefits using the [EPEAT Benefits Calculator](#). Resulting benefits calculations will be provided to all award winners.

Are you interested in working with us on a case study about your EPEAT accomplishments?

\_\_\_ Yes      \_\_\_ No

*The following optional questions help the Green Electronics Council to plan future EPEAT categories that can assist purchasers like you.*

What other types of IT products do you purchase that do not fall within a current EPEAT category?

GEC plans to implement EPEAT categories in 2020 for photovoltaic modules (solar panels) and network equipment (including routers and switches). Does your organization plan to use EPEAT for these product categories?

My organization plans to purchase EPEAT-registered photovoltaic modules (solar panels)

My organization plans to purchase EPEAT-registered network equipment (including routers and switches)

My organization does not plan to purchase EPEAT-registered network equipment or photovoltaic modules

I would like more information about using EPEAT for these product categories

*By submitting this application, you agree to have your organization identified as an [EPEAT Purchaser](#), be listed as such along with your organization's logo on the Green Electronics Council (GEC) website, and to allow GEC to share your most up-to-date Benefits Calculation on the GEC website.*

*Thank you for your participation in the EPEAT Purchaser Awards. Please email a copy of your application to [purchaserawards@greenelectronicscouncil.org](mailto:purchaserawards@greenelectronicscouncil.org)*
